ATTEMPTED BURGLARY. Thieves Attempt to Enter the Brentano

Bookstore. Some time last night an effort was made to break into Brentano's bookstore, at the corner of Eleventh street and Pennsylvania avenue. A jimmy was used on the Eleventh street door of the store, and it is presumed the burg

lars were frightened away before they accomplished their work. W. E. Thomas of 525 Eighteenth street reports that between 12 and 2 o'clock he eaw a colored man acting in a sur-picious manner in that neighborhood. Assisting the Newsboys,

A mass meeting for the benefit of the was held last night at the First Congregational Church. Addresses were male by Dr. Gallaudet, Mr. Roosevelt, Senator Hawley and B. H. Warner. Mr. Roosevelt told of his ranch-life experience and gave interesting episodes of a cattleman's daily life. Senator Hawley described the incidents in a newsboy's life and of their capabilities. He also praised the good work of the society. There was a large attendance at the church and a collection amounting to between \$40 and \$50 was taken up.

Deserted Her Infant,

Mrs. L. A. Blincoe, who resides at No. 1700 L street northwest, was visited by a well-dressed colored woman, about 25 years of age. She asked for about 25 years of age. She asked for the privilege of leaving her 2 months'-old infant while she went to transact some business a few blocks away. She returned shortly afterward, nursed the child and departed, saying she would be back in about an hour. She has not shown up yet, and Mrs. Blincoe noti-fied the police, who had the child sent to St. Ann's Asylum. to St. Ann's Asylum.

A pleasant entertainment was given last evening by Messrs. Henry Doolan and W. S. Lowe, at No. 615 E street southeast, to their lady and gentlemen friends. Soldiers Must Not Drink,

Commissioner Douglass has refused liquor licenses to all parties beyond the Boundary on Seventh street on account of the proximity of the Soldiers' Home The license, however, of the Scheutze Park Association was renewed. It remains to be seen whether Commissioners Hine and Robert will concur in the action taken by Commissioner Douglass.

Dissatisfied Liquor Dealers, A large number of parties whose applications for liquor licenses have been rejected were before Commissioner Robert to-day, represented by their counsel, Mesars. Simon Wolf and C. Maurice Smith, praying for a reconsideration of the action taken by the Commissioners. Many others appealed to Commissioners Hine and Douglas.

Transactions on the Washington Stock

Exchange-Notes and Gossip, There was a good volume of business transacted on the local Stock Exchange vesterday, but the prices were in some instances less than had previously been The convertable sixes Washington and Georgeobtained. of the were, however, for \$2,000, town Rallroad exception, the highest price yet reached, was paid

The sales of People's Insurance stock aggregated 140 shares. It all brought 5%. The offering at the close was at 51. There is still a disposition to stand aloof from Chesapeake and Potomac Telephone stock. On two small offer-ings of 12 shares each the price receded to 71½ and 70½. At the close there was a small offering at 71, with 70½ bid. It is unreasonable to anticipate a much farther de-cline in this stock for the reason that the prosperity of the company is well understood and the recent reduction of dividend cannot continue for any great

dividend cannot continue for any great length of time, At 71 the investment would yield about 4½ per cent. annually. There was but one sale of Graphophone stock. The lot was 25 shares, and it went for 13½. There are probably scores of people anxiously watching this stock and wanting to buy some 10 shares, others larger lots, up to 500, all cherishing the delusion that without any material advance in the price any material advance in the price they can all be accommodated, when the fact is, that there is no pressure to sell, and that all the stock that has been sacrificed in breaking the market, about 8 points since January, has gone into strong hands, and that it would be difficult to buy 500 shares without materially advancing the quotations. At the close

the bid was 13 and the offering of 50 shares at 134 A high official of the Graphophne Com-pany said yesterday: "I have never sold any of my stock, and do not intend to sell, and my opinion is that it won't be long before you will see the stock very

much higher."
For several months there have been no sales of National Safe Deposit stock. Yesterday five shares brought 250. The

American Security and Trust stock was less firm in price, and for 20 shares but 49 was realized. Recently sales have been made as high as 51. This depression will be brief. The company is under able management, is carning handsome profits, and as the last call for an assessment was for but \$5 in-stead of \$10, as was customary pre-viously, this action was interpreted to meen that, although the nominal par is 100, there will be no more calls made on the stockholders. The last assessment brought the paid-in value up to \$50 per share, making the present cap-

Seventy-Five Pounds of Fish on Free

Exhibition The largest bass ever caught in the Potomac River is on exhibition in front of George W. Driver's establishment No. 605 Pennsylvania avenue. The beauty is encased in a frozen monu-

ment of crystal ice, two feet square, seven feet high and weighing nine hundred pounds. The fish itself is nearly six feet in length and tips the scales at seventy five pounds. It was hauled in with hook and line by Captain David Johnson, one of the oldest piscatorial artists on the Potomac, near the mouth of the river. of the river. This mammoth bass is a great curios

ity, and is attracting great crowds to the vicinity of enterprising Mr. Driver's place. On Friday, from 12 to 3 p. m., the big bass will be served as lunch for the patrons of the house. The latest improved Edison talking machine is also attracting not only gentlemen, but ladies as well. No charge is made for hearing the magical concerts rendered by it.

HIS IDEA OF WOMEN.

What a Prominent English Author Thinks of American Ladies-A Com-parison With European Girls, A well-known English author, who was ecently in the United States, was entertained by a gentleman and lady of wealth. residing on Fifth Avenue, New York. In

the course of the dinner the conversation

turned upon American women, when the

English gentleman said:

turned upon American women, when the English gentleman said:

"Nowhere in America do you find such complexions and nowhere such health as we see in the faces and forms of English girls. I have noticed this in every city that I have visited. American ladies look tired, weak, faded. They lack color and they lack life. Existence seems a burden to them, not a pleasure. You in America do not notice it, because you are here, while I can see it very platnly."

We may say that this English author was prejudiced, was conceited, was bitter, but we cannot say that he was wrong. American ladies are not so strong, so healthy, so brilliant as they should be. Their complexions are not so clear, nor their eyes so bright as could be desired. Doubtless the climate has something to do with this, but it is unquestionably true that, by proper care and a judicious use of the right means, these things can be overcome. Any lady who feels tired, despondent or weak, can readily overcome these troubles by a proper use of a little pure whiskey taken in water. Bear in mind, however, that it should be the best whiskey, as anything else is injurious, and also remember that the best physicians and chemists in America unhesitatingly declare that Duffy's Pure Malt has no equal. The effect of this whiskey is to build up the system, to improve the complexion and to give brightness and vigor in the place of weakness and languor. It is being used by the leading ladies in the land, and its popularity proves its value.
